

Instalar java 11

Link de descarga: <https://www.oracle.com/ar/java/technologies/javase-jdk11-downloads.html>

Es necesario loguearse en Oracle.

Vamos a comenzar la instalación:

Si llegamos a este paso la instalación se realizó correctamente, ahora vamos a pasar a instalar Idea.

Para instalar idea:

Primero crear cuenta en la pagina de idea (<https://account.jetbrains.com/login>) con el mail de la facultad @alu.unq.edu.ar

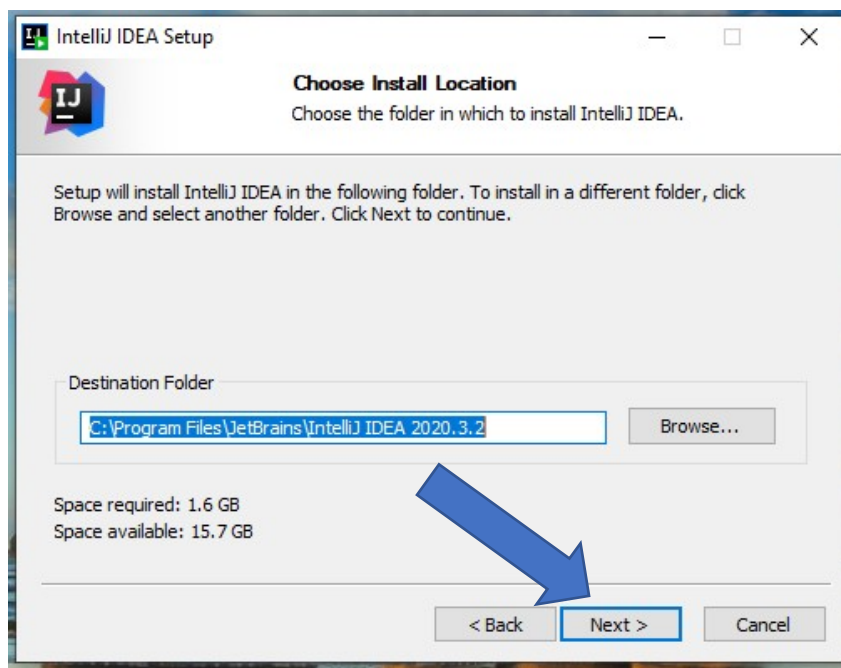

Link para iniciar sesión del correo: <https://alu.unq.edu.ar/>

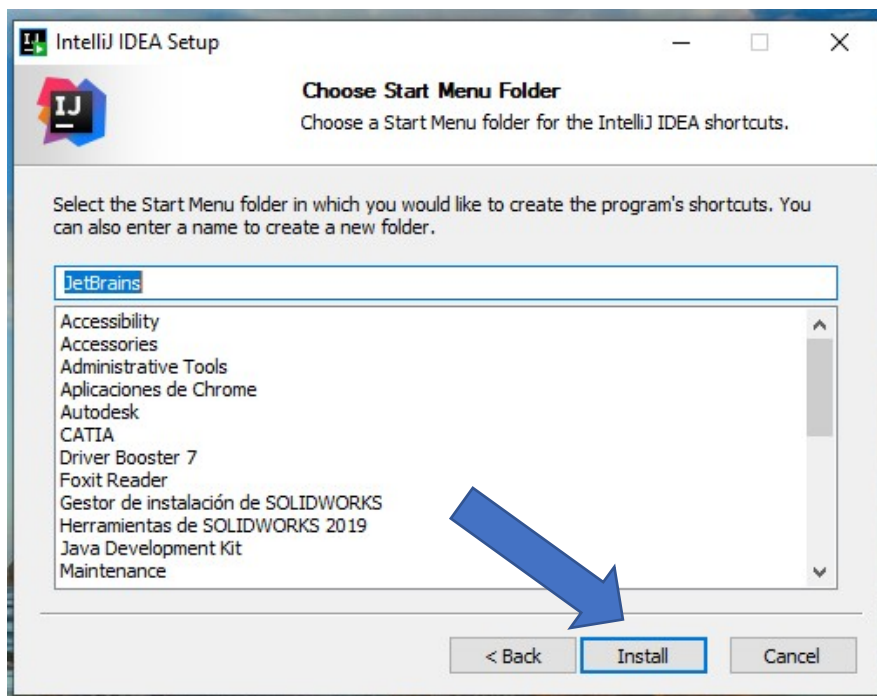

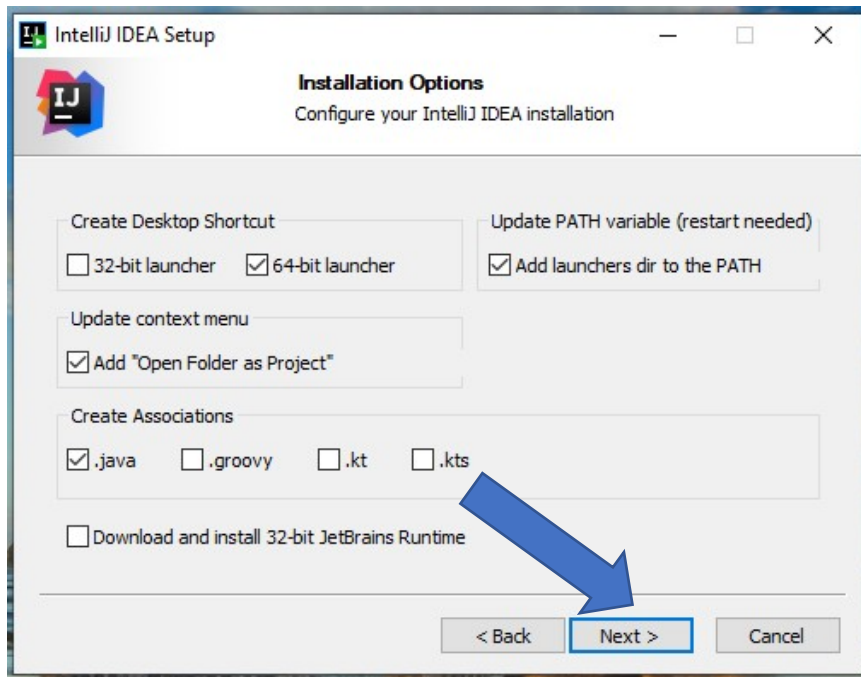

Una vez creada la cuenta, vamos a empezar con la descarga.

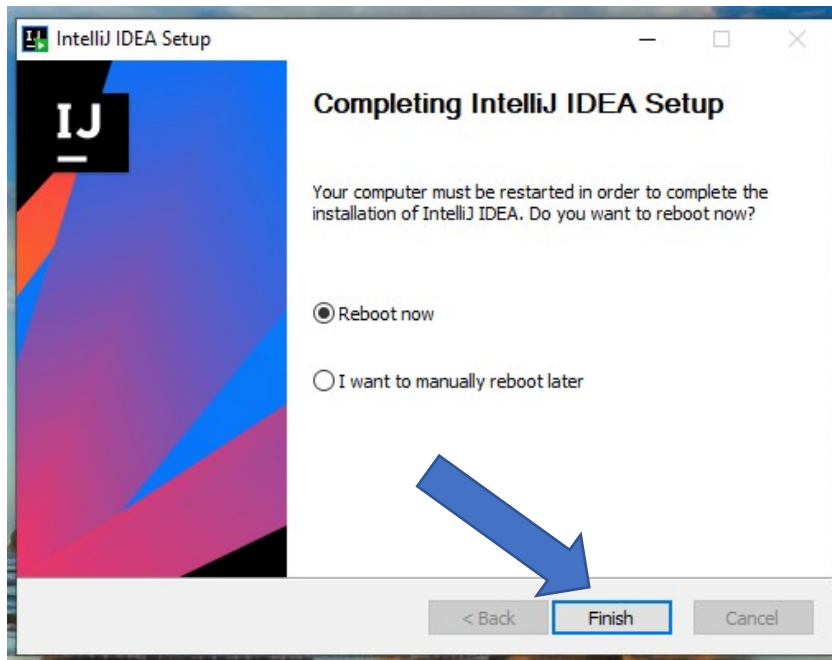

Link de descarga: <https://www.jetbrains.com/es-es/idea/download>

Descargar la opción "ultimate"

Arrancamos con la instalación:

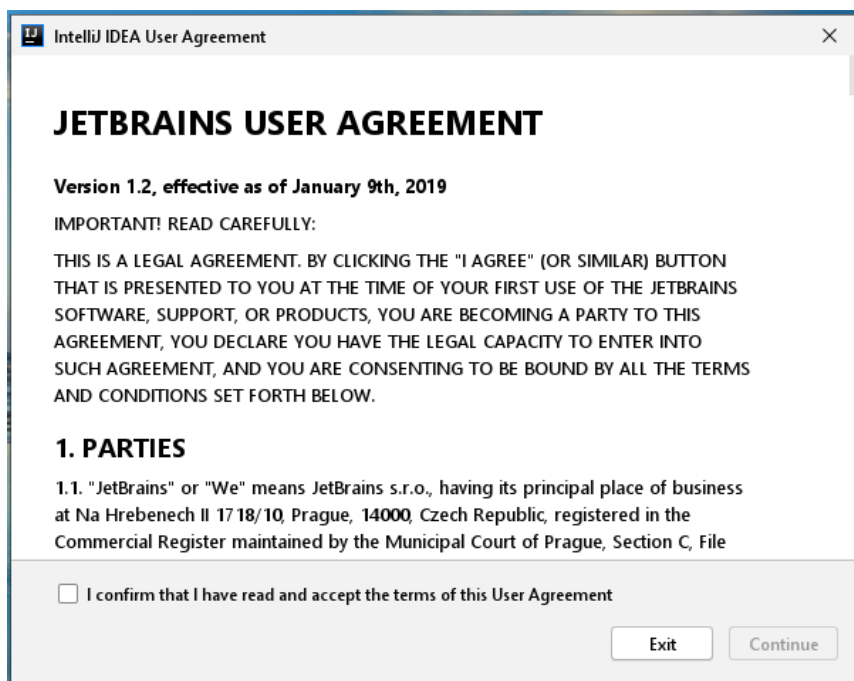

Abrimos la app

Aceptamos los términos y continuamos

En este paso vamos a poner los datos de la cuenta que creamos en JetBrains, con la cuenta de la facultad.

The image shows the IntelliJ IDEA License Activation window. On the left is a blue sidebar with the IntelliJ IDEA logo and the text "IntelliJ IDEA" and "Activate". The main window has a title bar "License Activation" with standard window controls. Below the title bar, there are two radio buttons: "Activate IntelliJ IDEA" (selected) and "Evaluate for free". A "Buy license" link is on the right. Below this, there are three radio buttons for "Get license from": "JB Account" (selected), "Activation code", and "License server". The "Username / email:" field contains a partially visible email address ending in "@alu.unq.edu.ar". The "Password:" field is masked with dots. There is a "Forgot?" link next to the password field. An "Activate" button is centered below the password field. At the bottom right, there are "Continue" and "Exit" buttons.

License Activation

IntelliJ IDEA
Activate

☒ Activate IntelliJ IDEA ☐ Evaluate for free [Buy license](#)

Get license from: ☒ JB Account ☐ Activation code ☐ License server

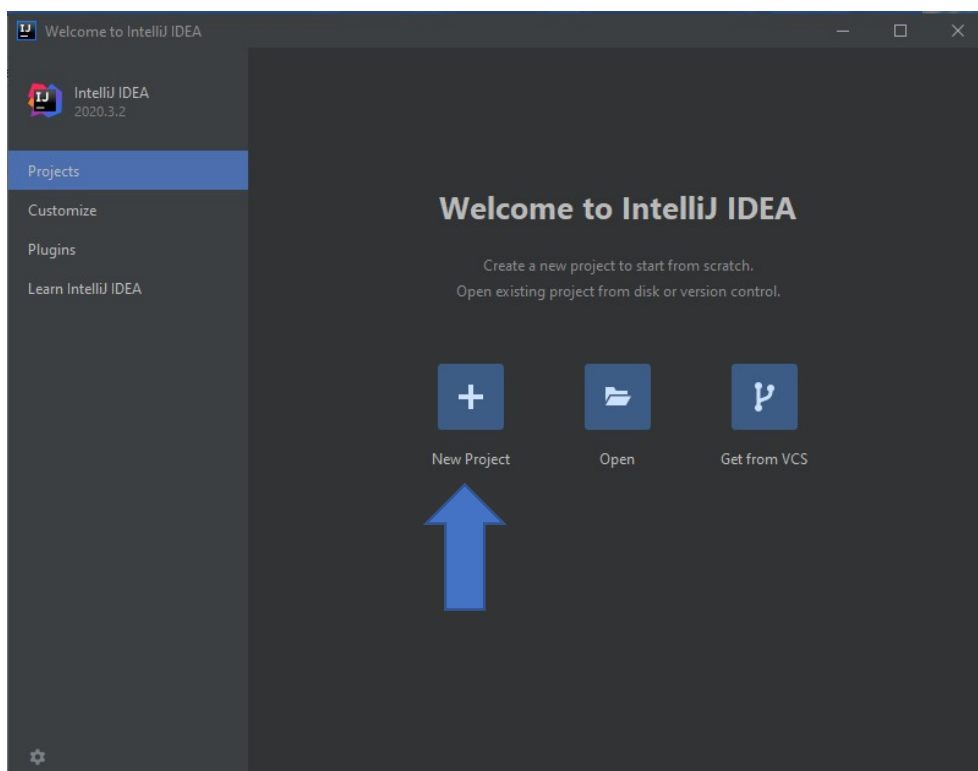

Username / email: [redacted]@alu.unq.edu.ar

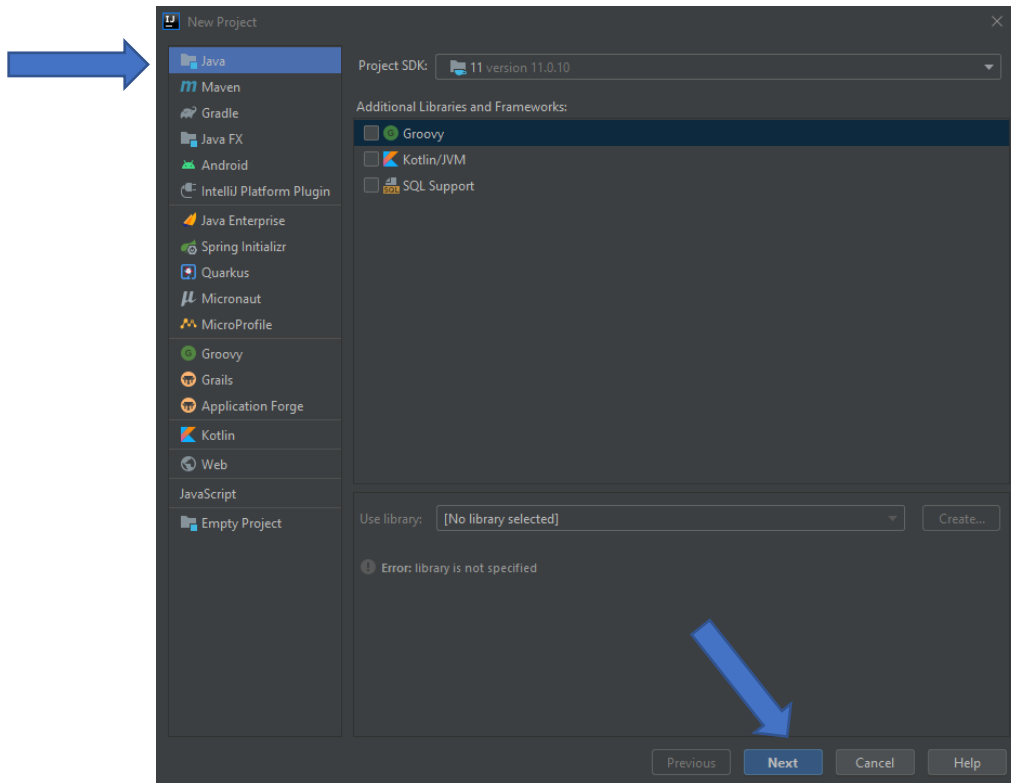

Password: [masked] [Forgot?](#)

Activate

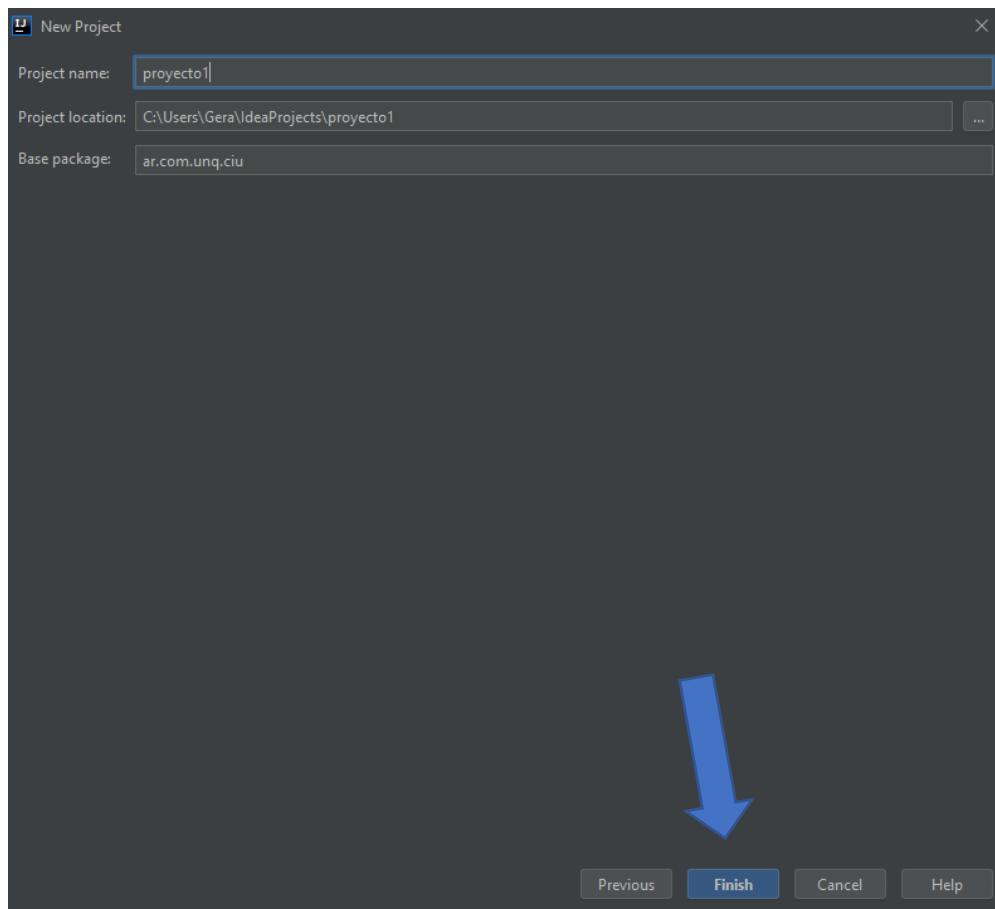

Continue Exit

Ya deberíamos tener funcionando el IntelliJ IDEA, ahora vamos a crear un proyecto java.

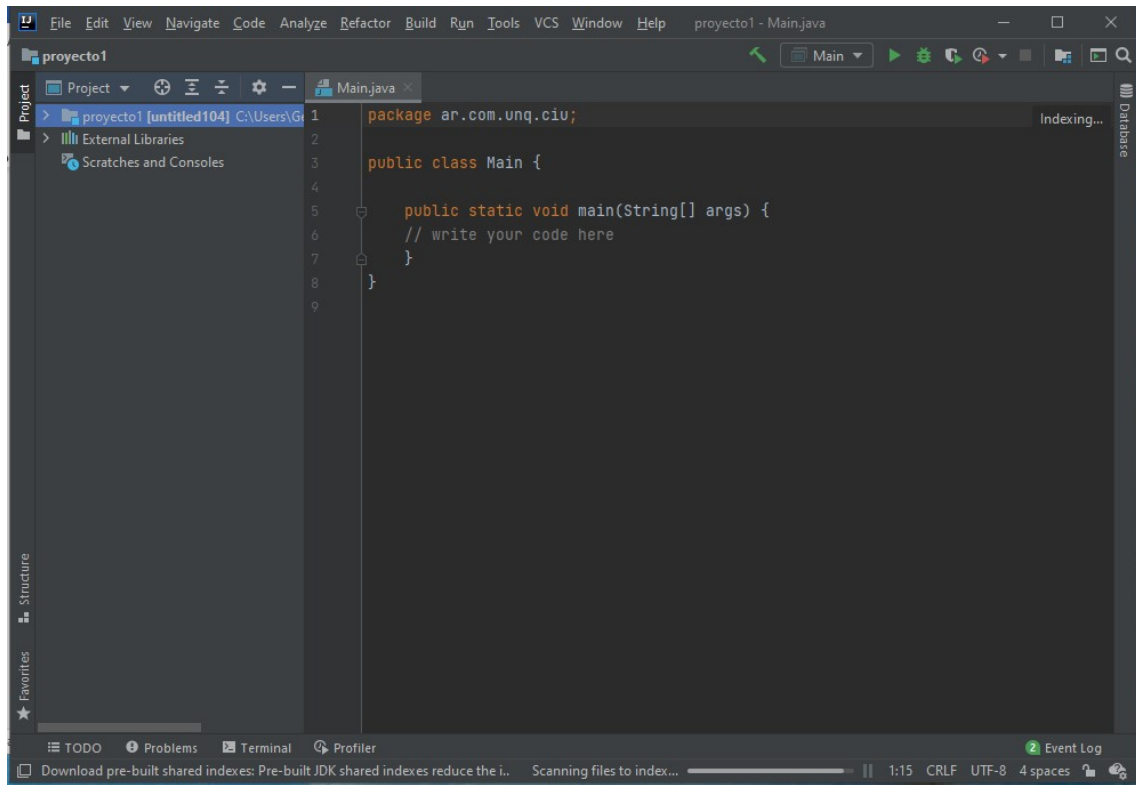

Debería aparecer esta pantalla si todo anduvo bien.

Ahora si, tenemos todo listo para empezar a trabajar!!
